

Please ensure that your 204 - Motor Carrier Tender Load (vendor to carrier) or 211 - Motor Carrier Bill of Lading (vendor to carrier) EDI transaction set is compliant and is version 4010. For a listing of Belk preferred carriers, by origin, that you are REQUIRED to transmit your 204 or 211 EDI transaction set to, please see Routing Guide and contact them to obtain mapping requirements. Please note that failure to provide our preferred carriers the 204 or 211 EDI transaction set may result in a transportation expense offset.
